

To All High School Principals, Teachers, and Counselors:

This letter is to invite you and your students to the 14th annual Game Development College Fair at SIEGE on Nov. 12, 2020. This is our first virtual college fair, but it includes many of the opportunities you and your students have come to expect from SIEGE, including the traditional STEM and STEAM sessions aimed at developing the skills students need to bring their own visions to life.

Please take a moment to review this excellent opportunity to engage your students with information about careers and college programs for the new digital and interactive world. Past exhibitors include KSU, GSU, Georgia Tech, SCAD, SMU, Florida Interactive Entertainment Academy, Georgia Southern, Columbus State, Middle Georgia State, Gwinnett Tech, Western Piedmont Tech, AIA, and many more. Presenters have included Electronic Arts, Microsoft, Turner, Hi-Rez Studios and others.

Among the opportunities registered schools receive include:

- Two chances to attend on Nov. 12. Our first is designed for classrooms from 9 – 11 am. The second is designed for students to attend on their own from 6 – 8 pm;
- Sites for each college for your students to visit, get their questions answered, and even apply;
- Our classic STE(A)M sessions presented on Zoom, allowing you and your students to interact with college professors and industry pros;
- Special sessions for teachers, including recommendations on teaching game design virtually;
- Esports experts to discuss team formation and coaching;
- Trained mods to ensure a safe experience; and
- Prizes and giveaways to keep your students engaged.

We hope that you can join us for this event. It's going to be an exciting day.

Respectfully,

Andrew Greenberg

Andrew Greenberg
Executive Director
Georgia Game Developers Association, Inc.

HIGH SCHOOL GROUP REGISTRATION FORM
